PROFESSIONAL EXPERIENCE

Haleon

Warren, NJ

Supply Chain Intern, Network Operations Team

June 2026 – Aug 2026

- Built a standardized COGS analytics framework for 1,500+ SKUs across 5 manufacturing sites, analyzing raw material, packaging, additive, labor, and overhead costs to identify SKU and site-level cost variances
- Extracted and transformed manufacturing cost data from SAP using multiple transaction codes, performing data cleanup and analysis in Microsoft Excel to create structured datasets for recurring cross-site cost reporting
- Developed a 3-page dynamic Power BI dashboard comparing product and site cost structures, forecasted volumes, and projected manufacturing spend to identify lower-cost manufacturing opportunities and cost-reduction drivers
- Partnered with Finance, Network Operations, and manufacturing stakeholders to validate cost drivers and translate findings into executive-level reporting; developed an SOP enabling future teams to refresh and reuse the dashboard for ongoing analysis.

TD Bank

Tenafly, NJ

Bank Teller

Jul 2024 - Sep 2025

- Processed 100+ client transactions daily, including deposits, withdrawals, loan payments, money transfers, and bank checks while maintaining accuracy and compliance standards
- Supported branch business development through cold and warm lead generation, contributing to a 50% conversion rate
- Identified client needs during daily banking transactions and referred 30+ clients to Client Associates and Financial Advisors for account, investment, and financial service opportunities
- Exceeded quarterly sales referral goals by identifying high-net-worth client opportunities and referring clients for appropriate banking, account, and investment-related services

KD's Kicks

Norwood, NJ

Entrepreneur

Jan 2019 - Dec 2022

- Managed sneaker and streetwear resale business by tracking market trends, product releases, pricing, and demand
- Generated \$50,000+ in sales over 3 years with an average 40% ROI

LEADERSHIP & PROJECTS

Wall Street Prep – DCF Modeling

- Completed DCF modeling coursework covering cash flow forecasting, WACC, terminal value, and sensitivity analysis to evaluate company valuation under different assumptions

Alphabet (GOOG) Stock Valuation Project

Equity Research / Investment Analysis Project

- Conducted Equity Valuation and developed a stock report using CAPM, Dividend Discount Model concepts, financial statement analysis, and company-specific risk assessment to develop an investment recommendation and evaluate valuation assumptions, risk factors, and market outlook.
